SLIGHT TENSION IN MONEY MARKET

Activity in Business Responsible for Condition.

Week's Business in Paducah Satisfactory in All Lines of Commerce and Trade.

BANK CLEARINGS FALL OFF.

Bank clearings	\$700,088
Same week last year	737,938
Decrease	28,250

Counter business at the banks has been active this week. The clearings show a decrease over the same time last year. The great activity in business has caused a slight tension in the local money market but this is usual at this season of the year.

General wholesale conditions are good, and reports are of good business in most all lines. Manufacturers, too, report good book clearings of orders, and running full handed.

Retail business has been satisfactory. The pay car coming last night has stimulated business for the past two days.

The demands for unskilled labor in Paducah and West Kentucky are a subject of comment and a source of concern for many employers. The street contracting work the work of the telephone companies and the street car company are requiring a big number of hands, and there is a dearth in the market.

Real estate has been active the past few weeks, and building trades report satisfactory conditions.

The Paducah Furniture company, since enlarging its plant, is now running full handed, and reports big bookings of orders. The two basket factories are rushed with work, and one, the Mergenthaler, is running two shifts in an effort to keep up with its orders.

Bradstreet's Weekly Report.

Trade and industry conditions are satisfactory considering the season of the year, the main point being that business in general is not only of average proportions, but in many lines quite in excess of a year ago. Fall orders for many lines of goods are coming forward in goodly volume, and jobbers appear optimistic as to the outlook. Machinery is well employed the country over. Railway earnings are very large, the increase for May being over 14 per cent, thus stamping the month as the best May on record. Immense demand for hardware and building material in general is well maintained though yellow pine deals some weakness. Prices of commodities in general are, however, close to the record level.

Fatally Hurt.

Montgomery, W. Va., June 16.—James Dale fell from a load of furniture in an epileptic fit today, striking the horses, frightened them into kicking him, and the wagon passed over his body, inflicting fatal injuries.

American "In Bad."

London, June 16.—Fred Lamdam, described as a doctor of medicine, who arrived here from America three weeks ago, was arrested today on the charge of stealing \$9,000 worth of jewelry and money from a room in the Langham Hotel here.

Veteran Hangs Himself

Robert Caldwell hanged himself to a tree in Huntington, W. Va. He was a well known ex-Confederate.

NICANOR TELLER OF TALES

"This was what he loved,—to fare forth at night and come upon some group about the fire; to begin his chant abruptly, in the midst of conversation; to see his listeners draw close and closer, gazing wide-eyed, half in awe; to sway them as the marsh winds swayed the reeds. At times, when his sense of power shook him, he took a savage delight in seeing them turn, one to another,—simple-hearted children of moor and forest, whose emotions he could mould as a potter moulds his clay."

AND if you are a lover of old romance you will want to follow the adventures of Nicanor the story-teller, of the lord's daughter who forgot that he was a slave, and of Eldris, who loved him best. It is a novel for those of us who have not forgotten Scott and Kingsley and the nobler traditions of historical romance. It is especially commended to anyone who would like to forget for a time the hard commercial age in which we live.

"NICANOR, TELLER OF TALES," is a tale of Roman Britain, by C. Bryson Taylor, with beautiful illustrations in full color and other decorations by the Kinneys. It is just published, and your bookseller has it today.
